BERGE SEEN TRAIL

## Incredible hiking.

**"It's only when you've been there on foot, that you've really been there at all."**

The words of Johann Wolfgang von Goethe apply more than ever in this age of virtual reality. **Step out** of the World Wide Web and into real life. Pack up your rucksack, lace up your hiking boots, and walk out the door and into nature. There you will find 24 sparkling lakes and an infinitely rich mountain world, with cosy mountain huts and breathtaking panoramas, just waiting for you. The new Salzkammergut BergSeen Trail covers more than 373 km and presents the beauty of the Salzkammergut in 23 daily stages.
